

MASTER SCUBA DIVER™ APPLICATION

The PADI Master Scuba Diver rating is the highest nonprofessional rating in the PADI System; it is a diver classification that denotes superior achievement. To attain this rating, a diver must be a PADI Advanced Open Water Diver and PADI Rescue Diver (or hold qualifying certifications from another organization) with proof of 50 logged scuba dives, and must hold five additional PADI certifications (see page 2).

To become certified as a PADI Master Scuba Diver, complete this application and supply all requested information. The certifications must be verified by a Teaching status PADI Instructor who must sign this application as indicated. After this application is reviewed and processed, the certified PADI Master Scuba Diver will receive a PADI Master Scuba Diver certification eCard and digital certificate.
